HydroGuard waterproof

This model shows a shoe size of 41, this data is manual measurement

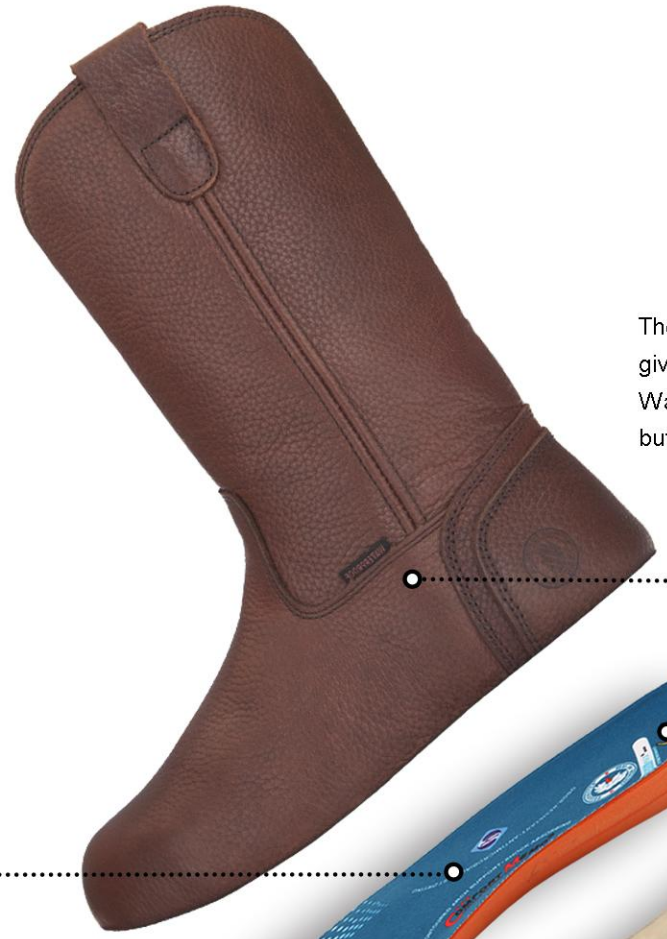

AP860

US Size:6-14[1/2 7.5-11.5]

Product anatomy

COMFORT MEMO
ANTI-FATIGUE TECHNOLOGY

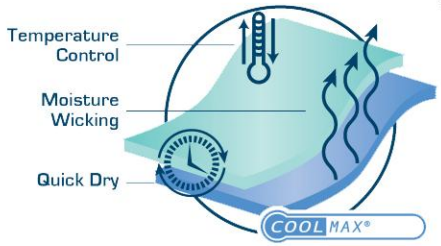

It took 5 years for ROCKROOSTER to develop patented anti-fatigue insole technology to relieve foot fatigue caused by long-term walking.

HydroGuard® waterproof

The membranes are covered in billions of microscopic pores, giving the laminate its unique waterproof-breathable properties. Water droplets are too large to pass through the membrane, but let small water vapor molecules escape.

poronXrd extreme impact protection

It is a memory foam cushioning material developed by Rogers Corporation, which can remember the initial shape and provide continuous fit and long-lasting comfort for the feet.

It is a high-functional textile with a special fiber moisture management system, which can quickly evaporate the heat, making you feel cool and comfortable when you wear them.

RUBBER

RUBBER non-slip outsole for enhanced grip

Cushioning polyurethane foam

Product Description

Size 42 for this shoe

=

Size 42 standard leather shoes

=

Sneakers size 41
